The quietest air curtain ever made... and only from Mars

Half the perceived noise output of traditional air curtains
Unique elliptical design projects sculptural feel
Uncompromised design and performance
Simple, easy installation

QuietPro™ Series Innovations

- Low sound profile with virtually neutral noise output
- Elliptical design with lightweight anodized aluminum finish
- Airfoil directional vane minimizes air performance loss at the nozzle
- Internal dampening design system neutralizes vibration and reduces noise

FEATURES IN ALL MARS AIR CURTAINS

- Maintains consistent interior temperature
- Minimizes dirt, dust, and fumes
- Controls flying insects
- Allows for unobstructed views...enhancing safety
- Effective environmental control
- Reduced energy consumption

## VALUE ADDED ACCESSORIES

- Switches
- Control Packages
- Control Panels
- Mounting Hardware
- Sound Dampening Hardware
- Filters
- Custom Materials, Coatings, Finishes & Colors
- Specially Construction
- Filters
- Custom Materials, Coatings, Finishes & Colors
- Specially Construction

All accessories have been specifically designed to enhance installation, operations, and performance.

They have been tested and are compatible to work with the appropriate Mars units to ensure that efficiency standards and performance levels are met.

For a comprehensive list of the most specified accessories, please visit our document library at: marsair.com/document-library

## ADDITIONAL INFORMATION

For info on how quickly our units pay for themselves in energy saving, visit: marsair.com/ROI

For a demonstration of how air curtains work, see our CFD at: marsair.com/science-of-air-curtains

For Accessories, Revit files, brochures, CSI specs, supplements, manuals, and submittals visit our Document Library at: marsair.com/document-library
