

# MARS REDUCES ENERGY SPEND & AMPS SANITATION IN LARGE VENUES & THEME PARKS

## LARGE ENTERTAINMENT VENUES FACE CHALLENGES TO CONTROL THE CLIMATE & ENHANCE GUEST EXPERIENCES

- Food contamination reduces customer's confidence in brand
- Foodservice vendors must manage flying pests & stay in regulatory compliance
- Upscale venues demand high sanitation to assure top-end guest experiences
- Elevated energy spends dramatically increase operating costs
- Staff needs indoor comfort to keep productivity high & absenteeism low
- Poor interior building conditions reduce guest comfort

U.S. Bank Stadium (Vikings Stadium), Minneapolis, Minnesota

## MARS PROTECTS LARGE VENUE OPERATIONS & ENHANCES GUEST EXPERIENCES

- Heated air curtains at facility entrances add comfort for optimal guest experiences
- Foodservice areas are made more clean & more appealing with Mars protection
- Loading dock door traffic is safer & more productive with Mars unobstructed support
- Elevated utility costs are reduced with Mars protecting costly treated air inside the building
- Guest experiences enhanced with Mars providing inside temperature stability
- Lavatory odors neutralized with Mars UVC™ sanitizing units

# IT'S TRUE – CUSTOMERS SPEND MORE \$\$ WITH CLIMATIC COMFORT AND CONFIDENCE IN SANITATION

Keep the action going with Mars providing safe, barrier-free sanitation and protection

Food prep areas and food concessions require amplified sanitation for health department regulations and guest comfort.

No matter how large or small, Mars strong protection works safely 24/7

No space is too large or openings too large for Mars protection

## STRONG PROTECTION FOR LARGE VENUES

- Loading/Receiving Dock Doors
- Entry Doors
- Concession Stands and Food Prep Areas
- Cold Storage Spaces
- Lavatories
- Exterior Refuse Areas
- Space Separation
- Smoking Areas

atmosphere is everything
