

MARS AIR CURTAINS PROTECT EQUIPMENT & ECONOMIZE HVACR OPERATIONS

CHALLENGES TO HVACR OPERATIONS

- Profitability reduced with elevated energy spends

- HVAC units work overtime to maintain temps when exterior air intrudes
- Cold storage units run harder and longer to maintain set temperatures

- Equipment maintenance & repair costs elevate with stress on the system
- Staff productivity diminishes with temperature fluctuations & unsanitary debris from open doors

Lower your utility spend and lessen the load on your equipment.

MARS ENSURES LESS COSTLY OPERATIONS AND BETTER TEMPERATURE CONTROL

- **Eliminate Icing & Condensation** Mars' ability to reduce icing and condensation protects goods and extends the life of the equipment while contributing to controlling pathogens, fungus and mold.
- **Extend Lifespan of Evaporators & Condensers** Doing its part to maintain interior temperatures, Mars reduces the burden on evaporators and condensers to extend their life and minimize service calls.
- **Eliminate Hazardous Slippery Floors** Dripping moisture and hazardous slippery floors are eliminated – and safely restored – with Mars powerful, protective air stream
- **Reduce Utility Bills** Lower the utility spend with the invisible barrier protection of Mars that works to keep costly treated air inside the unit even when loading requires wide open doors.
- **Eliminate Plastic Strip Curtains** Ineffective, dirty, cloudy strip curtains can be relegated to the past with a Mars air curtain solution.
- **Protect Product Integrity** Shelf life extends and product quality never diminishes when temperature fluctuations are eliminated with the Mars protective shield.
- **Shut Out Flying Pests and Debris** Keep flying pests and debris out and conditioned air in.

THE ULTIMATE PROTECTION FOR HVACR PERFORMANCE

ELIMINATE ICING & CONDENSATION Mars' ability to reduce icing and condensation protects goods and extends the life of the equipment while contributing to the control of pathogens, fungus and mold.

RELIEVE EQUIPMENT BURDEN. Protect HVAC equipment from undue strain while reducing maintenance and extending life

EXTEND LIFESPAN OF EVAPORATORS & CONDENSERS Doing its part to maintain interior temperatures, Mars reduces the burden on evaporators and condensers to extend their life and minimize service calls.

ELIMINATE PLASTIC STRIP CURTAINS Ineffective, dirty, cloudy strip curtains can be relegated to the past with an effective Mars air curtain solution.

PROTECT YOUR PRODUCT & FACILITY. Ensure protection of your facility from flying pests, debris and outside untreated air.

atmosphere is everything

For over 50 years, Mars Air Systems has been the international leader with air curtains. Manufacturing products of the highest reliability that can fit a range of applications and sizes; from drive-thru windows to receiving doors to outdoor patios, we help you comply with federal and state regulations while we lower energy costs and protect climatized air.
