

# MARS INCREASES PROFITABILITY FOR MATERIALS HANDLING MANAGERS WITH SAFETY & COMFORT

## CHALLENGES IN MATERIALS HANDLING MANAGEMENT

- Forklift and employee traffic at loading dock, interior and cold storage doors create unsafe & hazardous conditions
- Wide openings invite untreated air, dust, pests and debris impacting product
- Repeated door and window openings introduce exterior air
- Flying pests, dirt, debris and odors diminish clean
- Energy spend is elevated
- Staff needs climatic comfort to keep productivity high and absenteeism low
- Cold storage temperatures need to stay consistent

## MARS PROTECTS THE MATERIALS HANDLING ENVIRONMENT

- **Dock Doors** | Safer Dock Doors with unobstructed barrier-free protection, including wind abatement
- **Workers** | Higher employee productivity and lower absenteeism with more comfortable working conditions
- **Receiving Doors** | Cleaner receiving doors, dock doors and customer entrances
- **Costs** | Energy spend controlled and conditioned air protected – hot and cold
- **Odors** | Control odorous refuse and compactor areas with Mars UVCT™ to neutralize VOCs and strong, lingering odors
- **Lavatory & Bathroom** | Mars UVCT™ takes on the toughest odors and amplifies sanitation
- **Cleanrooms** | Remove particles from personnel and products entering cleanrooms with the secure sanitation provided by Mars HEPAC®

1. Control odorous refuse and compactor areas with Mars UVC™ to neutralize VOCs and strong, lingering odors that attract pests. 2. Voluminous spaces and the atmospheric control they demand can be managed with Mars powerful, obstruction-free barrier support that never interferes with equipment traffic or productivity. 3. Realize VOC odor reduction and germicidal care with Mars UVC™ units that offer a 99.99%-100% surface kill rate to eradicate pathogens and realize superior sanitation. 4. Provide an invisible shield to stop incursions of dust, debris, fumes and odors while keeping staff comfortable and productive. 5. Protect cold storage units and climatically-separated areas with the consistent temperatures they demand and extend product shelf life. 6. Mars Clean Air Series (Mars HEPAC® and Mars UVC™) offer the industry's only sanitation-providing air curtain units from any major provider to tackle odors and the pests they attract.
