

Protect your air. Protect your data.

BOOST DATA CENTER STABILITY & EFFICIENCY WITH OUR HIGH-PERFORMANCE AIR CURTAINS

Every entry door is a risk to your server, your data and energy costs. Mars Air Curtains help you maintain controlled environments and improve efficiency, setting the industry standard for excellence in design, manufacturing and reliability expectations.

ENHANCE OPERATIONAL EFFICIENCY

Support indoor air quality, keep server rooms clean and avoid costly equipment issues

REDUCE HVAC LOAD

Minimize conditioned air loss at open doors and help reduce HVAC demand

LIMIT DUST & CONTAMINANTS

Help prevent outdoor dust, dirt and airborne contaminants from entering critical areas

PROTECT CRITICAL EQUIPMENT

Help minimize unwanted outdoor air infiltration around temperature-sensitive equipment.
